

American History Survey

Intended for U.S. History Survey courses offered in history departments at both 2- and 4-year institutions. This introductory-level course (freshman/sophomore) is taken as either a general education requirement or as a pre-requisite for history majors. Can be used for one-semester and/or two-semester courses.

Uses maps to trace the region's history, the development of societies, and changes in internal and external politics.

In a comprehensive series of essays - addressing topics from the time of Columbus to the covid-19 pandemic - Paul Swendson does in written form what he has spent more than twenty years doing as a community college history instructor: making American history "manageable, meaningful, and relevant" for everyday people. In addition to breaking down the fundamental topics of American history in a concise, easy to read fashion, this is a work of political and social commentary, relating the experiences, struggles, and decisions of past

Read Free American History Survey

Americans to life in the United States today. As stated in the book's introductory essay, "For if history teachers – and historians for that matter – make no effort to draw lessons from the data and to bring the facts to life, then we are merely engaged in a trivia exercise." In the end, the goal of this book, like all good history teaching and writing, is to help its readers become a little wiser, and raising the essential questions is often more important than providing the "right" answers. This book is ideal for anyone who is looking to get an overview of the basics of

Read Free American History Survey

American history. It can also be a very effective supplemental reader in an American history survey course, stimulating classroom discussions that go beyond just learning the "facts." The author himself is currently using this book in his history courses, and many of the essays have evolved through his personal experiences working with junior high, high school, and college students. And since many of these students have not been history enthusiasts, the author has worked as hard at making the material engaging as he has ensuring

its accuracy.

Now in its third edition, *American Military History* examines how a country shaped by race, ethnicity, economy, regionalism, and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society. Organized chronologically, the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century, providing an important overview of the military's role on an international, domestic, social, and

events, and ideas that have shaped our nation's past. Organized into short chapters and updated with new insights into recently published research, this text sets the story in a political context, weaving in social, cultural, economic, intellectual, constitutional, diplomatic, and military events along the way. Conlin's popular sidebars and How They Lived vignettes-many of which are new in this edition-bring historical stories to life and emphasize the human and social dimensions of history. With its literary prose style and its unifying voice, THE

bullshit zijn, stelde antropoloog David Graeber in een online artikel. De reacties waren explosief: heel veel mensen - over de hele wereld - bleken het fenomeen te kennen. Nota bene: een bullshit job is een baan waarvan de persoon zelf weet en vindt dat het een onzinbaan is. Graeber beschrijft in dit boek het hoe en waarom van deze banen, die voortkomen uit het kapitalisme maar er eigenlijk haaks op staan (ze zijn niet productief en lijken dus meer op de werkverschaffing in het voormalige Oostblok). Een andere bron van onzinbanen is onze calvinistische overtuiging dat werkeloos zijn slecht is. De geciteerde verhalen zijn hilarisch en tragisch tegelijk, en
