To date, the "Dictionary of International Biography" has honored more than 200,000 individuals from almost every nation and has earned an international reputation as a highly respected reference work. An ever-growing reference source, only a few biographical entries are repeated from edition to edition, and only when they have been updated with important new material. In this way, each new edition adds thousands of new biographies to those already published in the series. For highest level of accuracy, the biographies are supplied and checked by the individuals themselves. This updated edition contains approximately 5000 entries for men and women in all professions and fields of interest on a truly worldwide scale.

The thirty-fifth edition of our flagship publication, Dictionary of International Biography contains approximately 6,000 entries for men and women in all professions and fields of interest on a worldwide scale. The Dictionary of International Biography reflects contemporary achievements in every profession and field of interest within as many countries as possible. It is an ever-growing reference source since only a few biographical entries are repeated from edition to edition, and only when they have

been updated with important new material. In this way each new edition adds thousands of new biographies to those already published in the series; to date more than 200,000 biographies have been presented from information supplied and checked by those individuals who are featured.
