#### [Targeting the Powerful](#)

*Most entries of this revised edition are new as so much has been recently published on Czech affairs. All aspects of the country are covered in selective, critical annotations of pre-eminently English-language publications, making this an invaluable reference work for scholars, students and the general reader alike.*

*This is the 11th in the series of directories whose overall aim is to make sense of the myriad files in the marketplace by listing databases completely, and grouping them logically. The title, Company Information, implies a somewhat narrower focus than the directory offers, as the five sections are*

***online media-compiling articles from more than 450 information specialists on topics including program planning in the digital era, recruitment, information management, advances in digital technology and encoding, intellectual property, and hardware, software, database selection and design, competitive intelligence, electronic records preservation, decision support systems, ethical issues in information, online library instruction, telecommuting, and digital library projects. Online Business Sourcebook is the only evaluative guide to electronic business database products and services. The arrangement of products and services within the Sourcebook is by thematic chapter, to make it easy to review all products on a specific topic: Online hosts and aggregators; The Internet; Company directories; Company financials; Investment analysis; Shareholder analysis; Credit; Mergers and acquisitions; Business and financial news; Business opportunities; Grants, advice and source of finance; Legislation and regulations; Prices; Market data; Industries; Economics and finance; International trade; Business management literature; Trademarks, trade names and brands; Recent highlights. Within most chapters, products are arranged by geographic coverage. Incorporated are three indexes: names; country/regions and subjects.***

**[International Business and Trade Directories](#)**

This is a guide to computer-readable databases available online, in CD-ROM format, or in other magnetic formats. Details include database descriptions, costs, and whom to contact for purchase. The material is indexed alphabetically, and by subject, vendor, and producer.

This guide is an introduction to English language sources, in electronic and conventional print forms, dealing with Central and Eastern European business issues. It gives evaluative descriptions and costs of all listed sources, and concentrates on recent sources. Sources in respect of some of these countries can be difficult to locate, and the author provides guidance on how to go about finding them.
