**See the garden in a whole new way! Gardens across the globe come in many sizes and styles, but they share a remarkable number of similar components. Suzanne Staubach revels in this connection in A Garden Miscellany. In short essays meant to be dipped in and out of, Staubach shares the history, evolution, and contemporary use of all the parts and pieces that make up a home garden—from borders, compost bins, and decks to pergolas, roof gardens, statues, and troughs. You'll learn that fairy gardens have their roots in the Tang dynasty, the difference between an arbor and a pergola, how geometry plays a role in garden design, what a ha-ha is, and much more. Featuring bold and whimsical illustrations by Julia Yellow and filled with interesting facts and anecdotes, A Garden Miscellany is a must-have for gardeners, plant lovers, and the naturally curious everywhere.**

**Outrageous acts of villainy have slowly drifted out of the national limelight and into the dustbin of Texas history. Consider the uproar over the 1879 shooting of actor Maurice Barrymore in Marshall and the 1949 murder of oil field legend Tex Thornton in Amarillo. The 1909 Coryell County Courthouse massacre committed by a sixteen-year-old girl remains just as shocking today. For the long-suffering associates of repeat offenders like Fort Worth's Flapper Bandit or Temple's International Man of Mystery, notoriety couldn't fade quickly enough. From the lawless days of the frontier to the rise of organized crime, Clay Coppedge sifts through eighteen obscure case files to chart the evolution of crime and punishment in the state.**

Enter an incredible world of magical beasts, dare to draw near to their captivating powers, and discover the spellbinding stories of 16 favourite mythical creatures from around the world. Venture into this world and you'll discover why griffins collect a gem called agate, how to put out dragon fire, how mischievous elves can cause terrible nightmares, and much, much more.A Miscellany of Magical Beasts is a beautiful, luxurious gift book showcasing a fascinating menagerie of creatures from the world's timeless mythologies and legends. Presented in an incredible package with spectacular cover finishes, it is sure to be treasured by fantasy enthusiasts.Each beast is beautifully illustrated with rich, enchanting artworks, accompanied by amazing facts. Five feature spreads take a different approach to each particular beast - including a gleaming guide to the world's dragons and an enchanting introduction to elf spells and tricks. Imaginative flourishes such as cutaways showing constellations (see where Pegasus's story ends), and a die-cut linking the lustrous feathers of the phoenix with those of the terrifying harpies, make this a truly inspiring exploration of some wonderfully strange creatures.List of beasts included: phoenix, harpy, griffin, Pegasus, dragons, elves, unicorn, centaur, mermaids and mermen, werewolf, troll, sphinx, basilisk, Cerberus, giant, chimera

Schott's Original Miscellany makes few claims to be exhaustive or even practical. It does, however, claim to be essential. It will afford you great wisdom in the morning, several conversational bon mots for the afternoon, and many an enlightened smile after dark. Where else can you find, packed on to one page, the 13 principles of witchcraft, the structure of military hierarchy, all of the clothing care symbols, a list of the countries where you drive on the left, and a nursery rhyme about sneezing? Where else, but Schott's Miscellany, will you stumble across John Lennon's cat, the supplier of bagpipes to the Queen, and the brutal methods of murder encountered by Miss Marple? A book like no other, Schott's Miscellany is entertaining, informative, unpredictable and utterly addictive.

Songs and Sonnets (1557), the first printed anthology of English poetry, was immensely influential in Tudor England, and inspired major Elizabethan writers including Shakespeare. Collected by pioneering publisher Richard Tottel, it brought poems of the aristocracy - verses of friendship, war, politics, death and

above all of love - into wide common readership for the first time. The major poets of Henry VIII's court, Sir Thomas Wyatt and Henry Howard, Earl of Surrey, were first printed in the volume. Wyatt's intimate poem about lost love which begins 'They flee from me, that sometime did me seke', and Surrey's passionate

sonnet 'Complaint of a lover rebuked' are joined in the miscellany by a large collection of diverse, intriguingly anonymous poems both moral and erotic, intimate and universal.
